Education

Washington State U.

BS Landscape Architecture

August 2015 - May 2019

CareerFoundry

UX Certification Program

Dec. 2019 - June 2020

Experience

CareerFoundry

UX/UI Design

Jan. – June 2020

Seattle, WA.

I designed a beach data app called Wavez. As sole designer I was responsible for taking the idea from conceptualization to user testing of a final prototype, ready for development.

Amazon/Hines

Horticulture Intern

May – August 2018

Seattle, WA.

I helped design early concepts for an app while working alongside Amazon's horticulture team and the landscape architects at SiteWorkshop.

SiteWorkshop

Landscape Design Intern

May– August 2017

Seattle, WA.

I worked on several landscape architecture projects ranging from park remodels to the development of Amazon's revolutionary Spheres building in Seattle.

Cartoonist

The Daily Evergreen

Aug. 2015– May 2019

Pullman, WA.

I contributed hundreds of cartoons to WSU's student newspaper, The Daily Evergreen. Several of my cartoons won national and regional awards from the SPJ.
